INVESTMENT MANAGEMENT SURVEY 2025

FIMM has been conducting the Investment Management Survey (IM Survey) in years 2021, 2022, and 2023 to provide strategic insights into the state and evolution of the Fund Management industry. The findings of these surveys have contributed to a deeper understanding of the industry's landscape, identified emerging trends, and informed forward-looking strategies for industry development.

FIMM will be conducting IM Survey 2025 which aims to build upon previous editions by capturing current developments and projecting future directions across key focus areas, i.e. Conventional and Islamic Unit Trust and Wholesale Funds.

Action Required by Members and Distributors

Following the Industry Engagement held on 5 August 2025, we enclose the soft copy of the survey for your reference. To access the survey, please click on the link below provided below:
